VAN MATRES' STEREOPTICON EXHIBIT rion. - Our old friends and fellow citizens, D. S. Van Matre & Bros., have in connection with their illustrated lecture on Palestine or the Holy Land, fitted out s mammoth Stereopticon Exhibition, with the design of traveling during the summer in the States of Ohio, West Virginia and K-ntucky. The Stereopticon is an invention of an English Optician, and produces the effect of the Sereoscope upon a larga scale. Transparent photographs are exhibited upon an illuminated convass of large size, by means of one of the strongest artificial lightethat science has yet created, showing the colors with vivid accuracy, and the details with a delicacy as well as breadth of completeness, which bring each object out with marvelous and tratiful effect. The instruments used by them are supplied with oxyscalcium or "Bude" Light, and is 100 times more intense than that of the oil lamp. The brilliant effect produced by this light is feet in diamater, in fact to give exhibiencient rains, erchitecture, marine views, dreds of speciators. Their large and choice collection of views, embracing some of the finest works of art, is well calculated to give general satisfaction .-They left our city for Charleston, on the steamer "Soray" Monday morning.

ALEXANDER H. STEPHENS' GREAT WORK ON THE WAR .-- We have received from the National Publishing Company, Philadelphia, the advance sheets of the Second volume of Alexander Stephens' great work on the recent war. Mr. Stephene was Vice-President of the Southern confederacy, and although occupying that important position in the Confederate government -he in the early stages of the war opposed its isaugusation because he foresaw its ruinous results; and in that event though sotusted only by policy, is entitled to respect smong those holding Southern opinions above all the other leaders of the rebellion. Mr. Stephens' however, has always and still maintains the heresy of secession, and of course this work is written from that stand-point. The work is sold by subscription only, and an agent is wanted in every county. The second volume will soon be issued.

THE town authorities are getting enterprising. On Tuesday men were employed on Main Street, cleaning out gutters and throwing up the street. Huadreds of dollars are spent in this way every year, without any percepuble benethe streets, and be done with them?

The Soda Water at Mile's Drug Store is most delicious. Call in and try it.

The Uniontown Genius says: A Mr. Harper, of Alleghany City, was at Dawson's Station last week with the view of selecting a site for a large hub and spoke factory. Mr. Harper is interested in the manufacture of wagons in Allagheny and wishes to locate his hub and spoke fac. tory in a good timber country. This same Dawson's Station has just given a Mr. Uneafer ten acres of ground to build a furnage on.

Point Pleasant le just the place for the building of such a factory, and if Mr. Harper wants a good location, he would do well to take a look at our town. We

WEST VA. UNIVERSITY .-- The calalogue of this Institution for 1869-70 is on our table. From it we see that one hundred and sixty-one students have been in attendance during the year just about closing. The University has a full derers through the country. and able Faculty and is doing a good work in the cause of Education. Commencement week begins next Thursday with examination to the Preparatory Department. The address before the Literary Societies will be delivered on Tuesday evening, 14th inst., by Hon. J. W. Patterson, of New Hampshire. On the 15th the University will send out its first graduate, M. H. Dent. The same day the new University Hall will be ded. icated-address by Hon. E. M. Wilson, of Minnesots.

ROBBERY - On Thursday evening, 19th inst., about dusk, Mr. Nathan Stauley was assaulted at Campbell's Creek Gap. by two men, knocked down and beaten with a club, and hurt so badly he could give no alarm. He was then robbed of \$545 in each and papers worth about 8300. Stanley's wife, whose attention had been attracted by two strange men, loitering near her house suspenting they meant mischief, started to inform the neighbors of her suspicions, when she saw her husband coming out the rail-road, A moment later she heard the blows; starting to his assistance, she saw his assailants running toward the river and thence down through the fields in the direction of Charleston. Mr. Stanley was severley burt and for a time was speechless and unable to move.

He had been in the habit of carrying his money in a pocket in his drawers, and it is said, had shown it at the sait furnace, where he was working, on the day of the robbery. We learn that two men named "Bub" Wintz and Willam Stiles are sus pected of the robbery. They have disappeared. Proper efficies and being made to procure their arrest .- Courier .

One of them, Wm. Stiles, was arrested at Ironton Saturday, and was taken to Charleston on the Spray Monday.

WEST VIRGINIA INSURANCE COMPANY. -We direct attention to the advertisement of this Company is this secue of the Register. We advise all who are about to insure their property to try this Company. It is a purely Wast Virginia Company, and perfectly responsible. > Mynheer Paul Dietrich, of Milwaukee feeling his earthly tabernacle stored with troubles, to be expelled, decided, after full enquiry and investigation, to employ Aver's Pills. In his haste to purify his Dutch stomach, he mistaok the directions, 2 to 7 and swallowed 27 for a dose. This created, of course, as appaul-ing internal rebellion. But Paul went through the fight like a hero, and came off victorious at last with a renovat ed system which he proudly exhibits as proof of the wisdom of his choice. He advises everybody to take Doct. Ayer's Pills, but kindly advises his friends who are ambitious of following his example, to "pe sure and take der right botion." - Minnesota Telegraph.
